It’s your life.

And no one can protect it better than you.

— JUDI, BREAST CANCER SURVIVOR

Judi, a cancer survivor who lives with cerebral palsy, reminds us that living with a disability does not make us immune to breast cancer. And early detection is the key to living.

If you’re over 40, check your breasts regularly, and have a mammogram and a clinical exam every 1–2 years. For more information, visit www.cdc.gov/RightToKnow or call 1–800–CDC–INFO (232–4636); 1–888–232–6348 (TTY).
